

The member countries of the Bolivarian Alliance for the Peoples of Our America-People's Trade Treaty (ALBA-TCP) congratulate the people and institutions of the Bolivarian Republic of Venezuela for the democratic process held on December 6, 2010, during the Parliamentary Elections Venezuela 2020.

The parliamentary elections in Venezuela demonstrate the political maturity of the Venezuelan people by demonstrating the full exercise of the democratic will and its electoral system, in the face of the ferocious campaign of distortion and lies waged by the media and the right-wing factors aimed at ignoring the election results and promoting the thesis of fraud as a strategy to encourage intervention in Venezuela.

The countries of the Alliance congratulate the Venezuelan electoral authority on providing the Venezuelan people with a reliable, transparent and secure electoral system that allowed them to deliver another demonstration of democracy and civic-mindedness. This, despite the attacks received and the difficulties faced by the country from the illegal imposition of unilateral coercive measures that seek to bend the sovereign will of the people and the government, and therefore we call on the international community to join the plea for their immediate cessation.

All this reinforces the profound democratic commitment to the process of political change and social, economic and cultural transformation in the ALBA countries and, in line with the principles of the Proclamation of Latin America and the Caribbean as a Zone of Peace, calls on the international community to repudiate the campaign of destabilisation against the Bolivarian Government of Venezuela.
