

**Gobierno de Reconciliación y Unidad Nacional
Unida Nicaragua Triunfa**

WITH VENEZUELA ALWAYS!

**To The Constitutional President
Nicolás Maduro Moros**

**To the Valiant People
of Bolívar, Chávez and Nicolás**

**The Government of Reconciliation and National
Unity of Nicaragua, For Ever Blessed and
Sovereign, the Sandinista Front for National
Liberation, denounce and condemn, once again,
the constant aggression and outrages of US
Imperialism, against Peoples determined to
maintain their Dignity and National Decorum.**

**In yet other moment of heartbreaking and
useless war against the National Sovereignty
of our indomitable Sister, the Bolivarian**

Republic of Venezuela, with whom we make our way irrevocably united, we strictly reject any attempt at imposition, intervention, or vassalage, as well as all the servility and lackey-like behavior prevalent in the politics of traitors and cowards, bereft of their own Nation.

With the Sovereignty, Honor and Gallantry of the People of the Liberator Simón Bolívar, of the People of Eternal Commandante, Hugo Chávez Frías, the People of Nicolás and all the Patriots who have fought and are fighting gloriously with Pride in their Nation, defending their Right to Freedom and Independence... That Sovereignty is not to be insulted and is not to be trifled with!

Bolívar's Sword rises in Light and Victories, in the face of the shameless absurdity of

those who continue to see the World, and the Peoples of the World, as Land to be plundered.

Blindness is the mother of all defeats. Imperialism and Colonialism, blind, deaf, pretentious, cruel, evil, deeply evil, are and will be defeated by the United Peoples of the Planet.

In Brotherhood and Love that is not for sale, does not break, does not give up, ever, as Brave and Lucid Spirits and Human Beings, our Valiant Peoples, our Courageous Leaders, in Wise and Brave Ways, have resisted, have overcome and continue to triumph, Indefatigable Fighters... Because The Enemy Could Not Prevail, Nor Will They! Because We Overcame and We will Overcome!

The yoke is broken We Are Free We will Never Be Slaves Again!

Warm Embraces, Nicolas. We proclaim that We are Millions, Children of all the Heroes and Fighters for the Dignity of Our America and Caribbean. Stronger and more determined than ever, Truth, Luminosity and Love guide us and make us free.

In the face of Imperialism, Colonialism, the History and the Future of our Peoples mark the decisive and firm Step, under the Sun of Freedom, to the Always Further On with which we are familiar, that we know very well, and which we are.
