Vladimir Putin

President of the Russian Federation

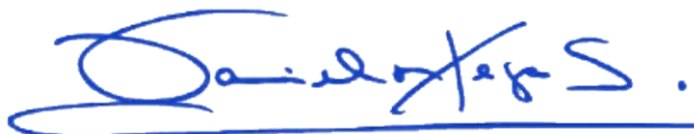

In Person

Beloved Brother President :

In these Days of Celebration of the Victories of the Soviet People and their Red Army, of the Government and the Rulers of the Soviet Union, we greet you and with you all that Heroic People, and in particular the millions of Families who constructed the Triumph with the Sacred Blood of their Loved Ones, whom today we bless in the name of Humanity.

Brother President Vladimir Putin :

Today you begin a New Period of Government, one of continuous Struggle against Fascism, Nazism and all the deformations that derive from that destructive and lethal Ideology. As we greet your Inauguration as the President that the Russian People have elected and acclaimed for these New Times, we wish you Great Triumphs in the Struggle that the Russian Federation is waging today for a New World, without absolute dominions, without slaves, a World of Brother and Sisterhood and Cooperation, by Everyone and for the Sake of Everyone.
