**Central American Brother
President-Elect of
the Republic of Panama
Don José Raúl Mulino
In Person**

Beloved President-Elect :

**We celebrate in Our American and Caribbean
Brother and Sisterhood the decision of the
Panamanian People to elect you as Head of
State and Government with a Program that
you yourself have described as Paths of
Hope for Panama's Families.**

**We recognize the tranquility and confidence
that your People have shown in these Elections,
as well as the Electoral Institutions that
have ratified your Victory.**

We trust in God to allow us to work together for the Union of our Peoples and Governments around solutions to improve the Lives of Families in every way while encouraging the Optimistic Energy of our Youth.

We never forget the contribution of your People and its Historic Leaders uniting the Heroic Struggles we have waged throughout Our America for Sovereignty, Independence and Rights.

Successes, President, in your Plans and Projects, and, of course, for the Beloved Panamanian People.
